Online Home Banking – Setting up Text Alerts

Members using Online Home Banking:

1. Click the “Bell” for alerts, then create alert
2. Choose the alert type they wish and fill in the applicable information
3. Click the email check box and then enter the “Text” code below for their carrier using their cell phone number in place of the generic number in the samples. Save.

e-Alerts run at 8:00 AM, 1:30PM, and 5:00 PM right after our daily ACH files. The Cellular carriers often delay these mass alert systems sometimes up to 2-3 hours, which is out of our control.

Text Coding for the email field: *(Replace the cell number where the generic sample number is shown below)*

US Cellular	3091234567@email.uscc.net
Verizon	3091234567@vtext.com
AT&T	3091234567@txt.att.net
Boost Mobile	3091234567@myboostmobile.com
Comcast	3091234567@comcastpcs.txtmsg.com
Sprint	3091234567@messaging.sprintpcs.com
T Mobile	3091234567@tmomail.net

- If your cell phone provider is not on this list, please contact Gale Credit Union for the proper coding to set up text alerts.
